OUR MOST COMPACT BLOWER W/ DUCTING YET!

Introducing our... **9532 SERIES MINI-PAK BLOWERS**... the NEW industry leader in size and weight! At over 30% shorter and 25% lighter than our 9533 series blowers (the previous industry leader), our ventilation blowers continue to get lighter and more compact without sacrificing any of the performance qualities you've come to rely on from an Allegro blower! Our Mini-Pak blowers store the ducting inside the corrosion-, UV-, and chemical-resistant polyethylene housing for an all-in-one unit for ease of operation, transportation, and storage!
